

# SNEP Network Solicitation for Community Assistance Projects (2022)

## TECHNICAL ASSISTANCE OPPORTUNITY

The Southeast New England Program (SNEP) Network invites you to apply for Community-based Technical, Financial and Training Assistance for Stormwater Management and Ecological Restoration projects. If awarded, technical assistance and services will be provided at **NO-COST** to communities. **Projects that build upon and advance existing work with the Network, and projects with environmental justice and underrepresented communities will be prioritized.**

*To be eligible to apply, your community or organization must be in or serve the SNEP region as shown above.*

## SERVICES OFFERED

The SNEP Network is offering the following training and technical services:

- Participation in the Stormwater Planning Series to build community cohesion in approach to retrofitting drainage systems to address identified stormwater problems
- Sustainable Funding and Financing (e.g., climate planning, prioritization, and finance, e, leadership engagement, stormwater or other forms of environmental finance, etc.)
- Assessment of bylaw/ordinances to support low impact development (LID) and green infrastructure (GI) planning and designs
- Guidance on riparian buffer restoration work and communication strategies
- Stormwater planning and management
- Other services (A full list of services is available [HERE](#) )

## IMPORTANT DATES:

Solicitation Release Date	June 8, 2022
Application Deadline	July 12, 2022
Final Decisions & Award Notifications	August 5, 2022

## APPLICATION SUBMISSION

More information on how to apply can be found [HERE](#). The application deadline is **July 12, 2022**. Applications must be submitted online via the SNEP Network’s website [HERE](#).
