SNEP Network Solicitation for the 2025 Community Assistance Projects

TECHNICAL ASSISTANCE OPPORTUNITY

The Southeast New England Program (SNEP) Network invites you to apply for Community-based technical, funding/financing and training assistance to begin or advance your community's stormwater management, ecological restoration, or climate resilience initiatives. If awarded, technical assistance and services will be provided at **NO-COST** to communities.

SERVICES OFFERED

The SNEP Network is offering the following categories of training and technical assistance:

- Stormwater Planning and Management
- Ecological Restoration (e.g., floodplain/riparian buffer restoration, salt marsh restoration, water quality pollution prevention or, culvert assessments, invasive species management)
- Climate Resilience (e.g., climate planning, prioritization of resilience actions)
- Funding & Financing (e.g. project scoping, enterprise fund feasibility assessment)

A detailed table of the available services can be found here.

As part of the solicitation, the SNEP Network is offering it's popular Stormwater Planning Series. View the curriculum here.

To be eligible to apply, your community or organization must be in or serve the SNEP region as shown above.

IMPORTANT DATES:

Solicitation Release Date	July 1, 2025
Application Deadline	August 1, 2025
Final Decisions & Award Notifications	August 29, 2025
